Executive Director Update

MCSIG ANNOUNCES KEENAN & ASSOCIATES INFORMATION MEETING

Several months ago, the MCSIG Executive Committee approved a multi-step process for conducting a market check and an RFP feasibility analysis for broker-of-record and consultant services for MCSIG.

The first step is an opportunity for MCSIG Board Members, Member District Superintendents and MCSIG participants to meet with the MCSIG Executive Director and our Keenan representatives to ask questions and share any input/concerns they have that may impact the evaluation; specifically concerns/issues they may have regarding:

1. MCSIG's current broker-of-record Keenan & Associates
2. The process that MCSIG will utilize to conduct the market analysis and feasibility study

Toward this end, interested parties are invited to attend a meeting hosted by the MCSIG Executive Director on Thursday, May 5 at 1:30 p.m. in the MCSIG Board room, 76 Stephanie Drive in Salinas to ask questions and share comments. Up to 20 outlying member districts may participate via teleconference. Space is limited so please RSVP acceptances only by e-mailing sfreeman@mcsig.com.

Please forward your questions to me, in advance of the May 5 meeting, so that I may have responses available at the meeting (sfreeman@mcsig.com).
